

Commercial Loans: Practising Perfection to Ensure Enforceable Security

Description:

In these turbulent economic times, hone your skills to ensure that the courts will enforce your credit agreements. This focused program will address the essential issues and consideration for the credit agreement, including the particular issues related to taking security over intellectual property, securities and other such assets with specific requirements. You will be alerted to common mistakes and pitfalls in security documents and registration. Further, this program will give you tools to assist your clients when faced with a defaulting debtor in assessing a lender's security package and taking steps to enforce security.

Focus: This focused program will alert you to the common mistakes and pitfalls in security documents and registration as well as provide you with the tools to assist your clients when faced with a defaulting debtor in assessing a lender's security package and taking steps to enforce security.

Taped from the October 20, 2009 CLE Program.
