

A Franchisor Advisory Council (“FAC”) is a forum in which issues affecting the System can be addressed by a Franchisor and its Franchisees. The FAC is created, operated and funded by Franchisor and all aspects of its operation are controlled by Franchisor, including the rules governing eligibility for membership, the rights and obligations of membership, voting rights and the holding of meetings. Franchisor is responsible for hiring administrative personnel and paying their salaries. Council staff arranges all meetings and prepares all communications. Participation in a Franchisor advisory council generally involves no up-front cost to its Franchisee members and time commitments are usually limited to preparing for and attending meetings.
