

CIBC Legal Department is seeking an Information Technology Lawyer to join its Canadian team in downtown Toronto.

### **Information Technology Lawyer**

The successful candidate will provide legal support to CIBC's Technology and Operations department, the procurement team and other areas of the bank as appropriate.

*Responsibilities would include:*

- negotiating and drafting significant technology, outsourcing and other commercial transactions;
- providing advice and legal support on issues relating to technology, outsourcing, procurement, contracting and intellectual property; and
- managing outside counsel.

Successful candidates will have at least three years commercial contracting experience including significant information technology and outsourcing experience gained at a top tier law firm or a major corporation and will possess strong leadership and organizational skills. Please quote file #ITL001.

CIBC is one of North America's leading financial institutions serving approximately 11 million personal banking and business customers. CIBC offers a full range of products and services through its comprehensive electronic banking network, branches and offices across Canada, the United States and around the world.

With approximately 50 lawyers working from offices in Toronto, Montreal, New York, London and Hong Kong, CIBC Legal provides a full range of legal support and transaction support services to CIBC's businesses worldwide.

If you possess the relevant experience, are a self-motivated team player and have well-developed interpersonal skills, please forward your resume in confidence to:
