

For the fifth consecutive year, EastLink has secured the designation as one of Canada's **50 Best Managed Companies**. EastLink is committed to providing our employees with career opportunities in an environment that promotes individual growth and career satisfaction. EastLink is an Atlantic Canadian owned and operated company delivering world-class telecommunication and entertainment services to residential, business and public sector customers throughout Canada.

EastLink is presently seeking a **Contracts Lawyer** to join our Regulatory team in **Halifax, Nova Scotia**.

Reporting to the Vice President – Regulatory, the Contracts Lawyer will deal with contracts and related matters for the department, with a focus on EastLink's wireless business. The Contracts Lawyer will supervise and participate in the preparation of inbound and outbound proposals, negotiation of contracts and administration of commercial contracts ensuring accordance to corporate policies, financial and legal requirements. Performing research, analysis and risk management, the Contracts Lawyer will liaise with key stakeholders within the organization to ensure project goals are met and appropriate business considerations are addressed.

As the ideal candidate, you have a Law degree and membership to the provincial bar society coupled with 3 years of practice, preferably supporting the wireless communications industry. Your strong background in negotiating and drafting commercial contracts is enhanced through your experience interpreting legislation, ability to complete complex research and risk analysis. A flexible and analytical individual, you have the demonstrated communication and client relations skills to effectively manage multi-departmental interests. A driven team player, you thrive in fast paced, dynamic work environments.

EastLink employees are motivated, results-driven individuals who enjoy challenges and are committed to continuous learning.
