Message from the Trip Director

It is with great pleasure that, on behalf of the OBA Foreign Conference Committee, I extend an invitation to you to join us on what promises to be a most fascinating tour while attending meetings and receptions with lawyers and judges throughout the lands, learning and imparting legal knowledge and skills.

Slovakia, Slovenia and Croatia are beautiful countries with a strong European history. During the tour you will have the opportunity to experience an incredible diversity in history, culture and nature and learn the importance of the rule of law.

The conference will hold meetings with lawyers and judges throughout the regions we visit. Special receptions will be held with overseas dignitaries at the Embassy and Consulates together with breakfast speakers, where we will have the opportunity to exchange legal views. The pace of the conference will be leisurely, interesting and instructive. We look forward to seeing many of you on this conference tour.
