PUBLICATIONS

The content you need - available in the format of your choice!

The Publications Department at the OBA offers you a wealth of essential reference material in a wide variety of formats designed especially for you! Look for the latest publications, online and audio products in our bi-monthly brochure, *What's New* or on our website at www.softconference.com/oba. All products will be available approximately 2-3 weeks following the original presentation or order date.

Binders

Practical materials, written by lawyers for lawyers, designed to be used in your day-to-day practice of law. Choose from over 275 publications, each covering changes in law and practice and providing insights into key problem areas. These traditional loose-leaf binders derive from our Continuing Legal Education programs.

Downloadable Materials

You can download in searchable PDF format materials from CLE programs held since September 2004 plus a variety of Section programs.

Online (archived) CLE and CD-ROMs

The Online CLE is streamed over the Web through our Lawyers Edge site. The CD-ROM is played in the CD-ROM drive of your computer, and requires no internet connection. Our multimedia formats - live webcasts, online CLE and CD-ROMs - offer full audio and video of the presentations, plus all accompanying materials in electronic format.

Audiotapes and Audio CDs

All topics presented in Section programs (breakfast, lunch and dinner meetings) are recorded to show the scope and diversity of issues covered and to recognize the contribution of our speakers. You may choose from our traditional audiotape or Audio CD formats.

MP3s

New for 2005-2006, select YLD programs have been captured in MP3 format, designed for easy transfer and storage on your computer or portable MP3 players.

Section Newsletters

Published regularly in hard copy and for select Sections, in electronic format, Section newsletters are available as a free information service to Section members.

Audio Subscriptions

Audio subscriptions are an easy and convenient way to receive Section audio products for the year. After every program of your requested Section, you will receive the audio CD or audiotape of that program, together with handouts where provided by speakers. Service begins in September and expires in June of the next year.

First time subscribers are eligible to receive a FREE copy of any OBA CLE publication. Interested in becoming a subscriber? Look for your order form in the centre of the *Be Heard!* brochure.
