

# We are free

## By Clairia Milks

On my picture in the centre are the words “ We are free”. I put those words on my picture because, in Canada, I feel that I am a free person. I all so put those words there because in some countries people aren't free and they don't have the choice to choose what they want to do.

On top of the words, I put a maple leaf because we are Canadian and Because There is a maple leaf on our national flag. The maple leaf is all so very important to me. The maple leaf is important to me because I like living here in Canada and I enjoy being a Canadian citizen.

On the right from the words is a heart, because we are all loved by someone and we may just not feel like they love us, but deep down they love us. The heart all so on my picture because in Canada a lot of people are very kind and generous. The heart is red because red is the colour of love. I also love living in Canada!

On top of the heart is a house with a red roof and a Brown door. I put the house there because in Canada we have the right to have a home and shelter. There all so is a house there because everyone deserves a home to live in.

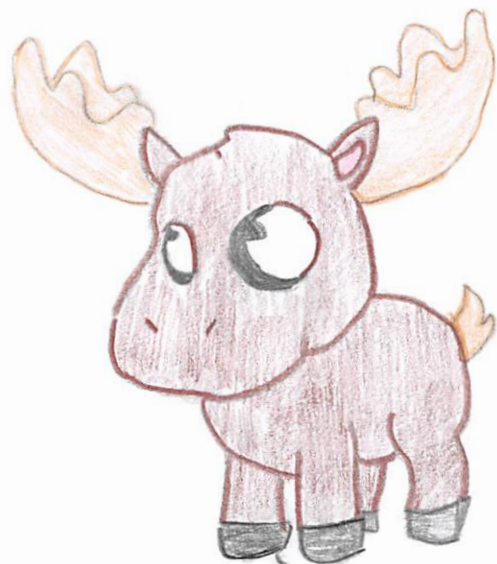

On the left of the words is a moose. I put a moose there because the moose is one of our national animals. The moose is one of our national animals because the moose is on the twenty-five cents coin.

On top of the moose is a schoolhouse. There is a schoolhouse there because in Canada we have the right to an education so we can learn things so when we go off into the real world and get jobs, we will know what to do.

Lastly, Under the words, I put a Beaver there because it is all so one of our national animals. The beaver is holding a hockey stick that he chewed.

We Are  
Free
