

Artificial Intelligence in Administrative Decision-Making

Administrative Law

Date: Tuesday, December 05, 2023 | 11:00 am to 1:00 pm
Location: Webinar only
Agenda: 11:00 am Program Commences
1:00 pm Program Concludes

This program contains:
2hr 0m of Substantive Content

The OBA has been approved as an Accredited Provider of Professionalism Content by The Law Society of Ontario.

The potential of Artificial Intelligence (AI) in administrative decision-making by governments, agencies and tribunals is significant. Proponents point to efficiency, consistency and accuracy in support; however, it is critical that the risks of governments using AI to make decisions about individuals and businesses are addressed through responsible regulation. How are governments using AI and what safeguards are in place in the form of regulation and guidelines? What does the use of AI mean for reviewing or challenging these decisions through the legal system? Join our expert faculty to unravel the intricacies and ensure that you are staying ahead of the curve in this quickly evolving space.

Program Chairs: **Raj Anand**, WeirFoulds LLP
Mina Karabit, Wise Health Law Professional Corporation
