Privacy considerations permeate so many different legal issues today. Whether you have a file with privacy law implications, are looking to establish a privacy law practice, or are in need of a refresher on the key components of privacy law, this program is for you! Our expert faculty will share what constitutes personal information, discuss insights for drafting consents, and provide an overview of the regulatory framework. Privacy law is a quickly growing and constantly evolving area of law. This program will ensure that you can approach your next file with confidence.

Register now for this valuable program.
